Fall Curriculum Nights

Each fall, A.G. Cox Middle School plans a curriculum night for parents to visit teachers' classrooms. During this time, teachers share the various curriculum goals and student materials. Teachers also share demonstrations of the technology resources utilized throughout the year. From *Accelerated Math* and *Accelerated Reader* to *Study Island*, parents can check out all of the student assessment resources. Grade-level teams meet together, and there are two twenty-five minute sessions. This allows parents to also visit elective teachers if they so choose.
